## PHCC Pinellas Code of Ethics

- To consider our trade worthy as affording us to distinct opportunities to serve society.
- To improve ourselves, increase our efficiency and enlarge our service, and by so doing attest our faith in the fundamental principles of life, that we profit most who serve best.
- To realize that we are business persons and ambitious to succeed; but that we are first ethical persons and wish no success that is not founded on the highest justice and morality.
- To maintain the highest ethical standards of advertising, pricing, selling, installation and service guided by the principles of honesty and integrity.
- To promote the latest technological advances in the designs, types and methods of installation of plumbing, heating, cooling systems; using equipment and materials complying with the standards recognized by this industry.
- To enter enthusiastically into the association work to give as well as take - and do our part in elevating the industry.
- To support all progressive moves that are being carried out along the lines of trade extension, standardization and sanitation.
- To conduct our affairs that others in our business will find it wise, profitable and conducive to happiness to emulate our example.
- To follow and execute our work in conformity with federal, state, county and city building, safety, energy and water conservation, fire and housing codes; and refusing to be a party to any action that violates these regulations.
- To promote conservation of water and energy to the public we serve through improved, adequate, safe, modern installation of energy efficient equipment.

I WILL HELP MY ASSOCIATION GROW AND THRIVE BY:

- Proudly displaying the PHCC logo on my truck(s), Advertising, Letterhead, and any place else visible to the trade and community.
- Attending as many meetings as possible to physically show my support.
- Talking to other contractors about our association.
- Concentrating on at least one prime prospect.
- Contacting any member(s) I know who have not been coming.
- Expressing my views and opinions to board members about what I think we should be doing.
- Not publicly “bashing” other members, but somehow expressing my concerns or problems with them or the board to solve any differences.
- Taking part in as many Saturday seminars as possible.
- Attending as many outside functions as possible. (Trade shows, Conventions, Committee meetings)
- Doing my best to make myself available to serve in any capacity when asked.
